

SAN DIEGO STATE UNIVERSITY
MASTER OF SCIENCE IN ATHLETIC TRAINING

Observation Hours
Program Application Requirement

The Master of Science in Athletic Training (MSAT) Program requires at least 100 total hours of observation under the direct supervision of a Certified Athletic Trainer in two or more settings (e.g., university/college, high school, and/or clinics) within two years of the application date. Students can choose to do their hours at any athletic training site, but all hours must be supervised by a certified athletic trainer (ATC credential holder). If students need assistance finding a site to complete their hours, we have included a contact list for observation sites affiliated with the SDSU MSAT program below. It is the student's responsibility to contact the site and arrange for observation hours. Please contact atpinfo@sdsu.edu for questions about the application process.
