## MASTER OF SCIENCE IN ATHLETIC TRAINING

---

### Program Application Requirement

#### Observation Hours

The Master of Science in Athletic Training (MSAT) Program requires at least 100 total hours of observation under the direct supervision of a Certified Athletic Trainer in two or more settings (e.g. university/college, high school, and/or clinic) within two years of the application date. Included in this packet is a contact list for observation sites affiliated with the SDSU MSAT. It is the student's responsibility to contact the site and arrange for the observation hours. We also ask that you utilize the following forms to document your observation experiences: <https://ens.sdsu.edu/athletic-training/>

- A separate hour log for each clinical setting to document and verify the time and observation experience under the supervision of a Certified Athletic Trainer (ATC).
- A separate student evaluation form for each clinical setting to be completed by the supervising ATs.
- When applying to the MSAT, please submit the hour logs and evaluation forms as evidence of your minimum 100 hours of observation via the supplemental application using ATCAS.
- Further information on the application process may be found on the Athletic Training website at: <https://ens.sdsu.edu/athletic-training/>

Any questions about the application process should be directed to:  
[atpinfo@sdsu.edu](mailto:atpinfo@sdsu.edu)
