

Sample DPT Prerequisite Course Checklist

Complete this form by listing all relevant prerequisite courses that you have **completed**. Do not list multiple courses that satisfy the same prerequisite, for example if you have 2 upper division psychology classes, only list one. Please ensure that there is a number in the GPA box. Also when deleting cells, make sure that you delete the system, units, and grade portion. You may add only to the peach-shaded cells. If you need additional space, download and complete a second file. When finished, save the file using your first and last name as the filename, and then upload the file to the SDSU DPT application site.

Name: Alexandra Doe (Please type in your name) GPA
3.79
 Date: 10/1/2019
 SDSU Red ID: 888271988 (Please type in your Red ID)

***Students must use drop-down feature for System, Term, Units and Grade - Do NOT type in those columns**

Course number

(e.g., BIO 210)

Course type

System * Term *

Units * Grade * Institution

Biology courses (required: two semesters or one year of general biology lecture and laboratory)

BIOL 203	lecture-only course	semester	Fall 2016	3	A	San Diego State University
BIO 203L	laboratory-only course	semester	Fall 2016	1	A-	San Diego State University
BIO 211	lecture-only course	semester	Fall 2016	2	A	San Diego State University
BIOL 211L	laboratory-only course	semester	Fall 2016	2	A	San Diego State University

Chemistry courses (required: two semesters or one year of general chemistry lecture and laboratory)

CHEM 200	combined lecture and laboratory course	semester	Fall 2016	5	A-	San Diego State University
CHEM 201	combined lecture and laboratory course	semester	Fall 2016	5	B+	San Diego State University

Physics courses (required: two semesters or one year of general physics lecture and laboratory)

PHYS 180A	lecture-only course	semester	spring 2017	3	B+	San Diego State University
PHYS 182A	laboratory-only course	semester	spring 2017	1	A-	San Diego State University
PHYS 180B	lecture-only course	semester	spring 2017	3	A	San Diego State University
PHYS 182B	laboratory-only course	semester	spring 2017	1	A	San Diego State University

--	--	--	--	--	--	--

Anatomy, Physiology, or Anatomy/Physiology courses (required: two semesters or one year of human anatomy and physiology lecture and laboratory)

BIOL 211	combined lecture and laboratory course	semester	Fall 2017	4	A	San Diego State University
